SECTION OFFICER

**Notification of Groundnut Crop in Kurnool, Ananthapur, Y.S.R. Kadapa and Chittoor Districts under Pilot Weather Based Crop Insurance Scheme during Kharif 2011 season.**

**THE MAIN FEATURES / OPERATIONAL MODALITIES**

Weather Based Crop Insurance Scheme (WBCIS) helps to mitigate the hardships of the farmers against the likelihood of financial losses on account of anticipated crop loss resulting from the incidence of adverse weather conditions of weather parameters like Temperature, Rainfall, Humidity etc. In accordance with the administrative instructions of the Department of Agriculture & Cooperation of Ministry of Agriculture, Government of India vide their letter **ref.no.13011/01/2008-credit II dated 10<sup>th</sup> March, 2011**, Government of Andhra Pradesh is implementing WBCIS on Pilot basis during Kharif, 2011 season for Groundnut crop in Kurnool, Anantapur, Y S R Kadapa and Chittoor districts.

**1. CROP NOTIFIED:**

**GROUNDNUT** which includes both Irrigated and Un-irrigated in the districts of **KURNOOL, ANANTAPUR, Y.S.R KADAPA** and **CHITTOOR** for Kharif, 2011 season.

**2. REFERENCE WEATHER STATIONS:**

The lists of Reference Unit Areas (RUAs) in the respective districts notified along with a list of corresponding Reference Weather Stations (RWS) and Back up Weather Stations (BWS) is annexed (annexure-**V, VI, VII, & VIII**). In case of non availability of weather data from the mentioned Reference Weather Stations or from Back up Weather Stations, as alternative, State Govt. Mandal level Ranguage Stations/IMD Weather Stations will be considered for weather data updation.

**3. AREA APPROACH:**

Reference unit areas are linked to specific reference weather stations and the reference unit areas are the Geographical areas situated around the reference weather stations, which is deemed to be reflective of the Reference Weather Stations' for weather data. To the extent feasible, such Reference Unit Area shall be restricted to Mandal for notified weather parameters.

**4. CULTIVATORS ELIGIBLE FOR COVERAGE:**

All the cultivators (including sharecroppers and tenant cultivators) growing the Notified Crop i.e., Groundnut either Irrigated or Unirrigated in any of the Reference Unit Areas shall be eligible for coverage. The Scheme shall be:

**Compulsory:** For all LOANEE APPLICANT CULTIVATORS i.e. those who have sanctioned Credit Limit from Financial Institutions (Co.op Banks, Commercial Banks including private commercial Banks, RRB's etc.) for the Notified Crops in a Reference Unit Area.

**Voluntary:** For NON-LOANEE CULTIVATORS i.e. those who do not have Sanctioned Credit Limit from any Financial Institution for the Notified Crops in a Reference Unit Area.

**12. COMPENSATION PAY-OUT:** Payout computation would be based on the notified weather parameters and the details of triggers are specified in the term sheet as shown in item 17. Maximum payout will be limited to Sum Insured.

**TRIGGER WEATHER:** Trigger Weather is pre-defined and being notified as per annexure with reference to the weather parameters and Reference Unit Area as detailed above and has been fixed so, keeping in mind the broad weather parameter requirement of Red Chilly crop in different mandals of Guntur and Warangal Districts. The relevant term sheets applicable for the selected mandals of the said districts are annexed herewith (Annexure **I, II, III & IV**)

**13. SUBMISSION & STORING OF WEATHER DATA:** Weather data will be provided by Automatic Weather Stations set up by Andhra Pradesh State Disaster Mitigation Society of planning dept. of Govt. of Andhra Pradesh to AIC on day to day basis for the season.

**REFERENCE WEATHER STATION:** This refers to the Automatic Weather Station operating for the particular Reference Unit Area i.e., mandal (as detailed in the annexure) operating for the relevant Reference Unit Area for generating the Weather Data during the current season based on which payouts are processed.

**BACK-UP WEATHER STATION:** It is a substitute Weather Station to be used only in case the weather data from the specified Reference Weather Station for the current season is unavailable for any reason. Names of both Reference and Back-up Weather Stations are detailed in annexure.

**14. PAY-OUT DISBURSEMENT:**

- (a) Pay-outs would normally be made by AIC to the Nodal Banks in respect of loanee and to insured non-loanee farmers who are enrolled directly or through other channels.
- (b) So far as the Insured is concerned, the Pay-out procedure shall be automatic; that is to say, Payouts would be automatically computed by AIC on the basis of Actual Weather Data received and the Pay-out would be automatically credited to the Insured's Bank Account.

**15. ADMINISTRATION OF THE SCHEME:**

The Scheme shall be administered by AIC whose responsibilities are subject to the discharge of the roles and responsibilities of the other Agencies/Financial Institutions/Govt. Departments/Committees as laid down in the Scheme Document and its Operational Modalities.

**16. PUBLICITY & AWARENESS:**

Dept. of Agriculture/Horticulture would take up wide publicity and awareness camps in coordination with AIC to popularise the scheme and mobilize coverage of maximum number of loanee and non-loanee farmers.

**17. TERM SHEET:**

The term sheets contain the details of triggers for high temperature, deficiency in rainfall and excess rainfall wherever applicable. The relevant term sheets are annexed here with (Annexure **I, II, III and IV**).

**18. LIMITATIONS & DISCLAIMERS:**

- (a) The Scheme is NOT a Yield Guarantee Scheme, and is based on "Area Approach" as opposed to "Individual Approach" – whereby assessment of compensation would be made on Reference Unit Area Basis and not on the basis of every individual insured who might have suffered a loss:
- (b) The Scheme shall be null and void and no benefit shall be payable in the event of untrue or incorrect statements, misrepresentation or on non-disclosure in any

material fact in the proposal form/ personal statement/ declaration and connected documents, or any material information having been concealed, or a claim being fraudulent or any fraudulent means or devices being used by the Insured or any one acting on his behalf to obtain any benefit under this Scheme.

### WBCIS Guidelines to Nodal Banks in A.P for participating in WBCIS Kharif, 2011-Groundnut

1. Weather Based Crop Insurance Scheme for Kharif, 2011 season for **Groundnut** crop in **Anantapur, Y.S.R Kadapa, Kurnool and Chittoor districts** is being implemented for the first time. The operational modalities, mode of coverage and reporting by the banks differ from that of NAIS. However this scheme will be in operation exclusively for Groundnut crop and for the remaining crops, the coverage is available under NAIS as in the previous crop season for the respective districts.
2. The Loanee farmers in respect of Groundnut crop would be covered under the Pilot WBCIS on Compulsory basis which is mandatory as per the guidelines of Govt. of India whereas it is voluntary for Non-loanee farmers.
3. Non-loanee farmers interested in the pilot WBCIS for Groundnut crop in the above mentioned districts can insure their crops through the Banking Network/AIC empanelled Insurance Intermediaries/Micro Insurance Agents or through the authorized representatives of Agriculture Insurance Company of India Ltd.
4. The sum insured is pre-defined & fixed per acre/hectare. **In the declaration, the extent of area to be reported shall have to be in hectares only.**
5. **The criteria for covering Loanee Farmers:**
  - a) All those farmers eligible for availing loans for Kharif season i.e., up to **30<sup>th</sup> June, 2011** (or a later date as notified in G.O) and who have loan sanction on the basis of farmer's loan proposal (even if the loan disbursement/withdrawal has not taken place), the respective notified crop should be taken into account for collection of premium. All the KCC and Crop OD A/Cs where the sanctions are valid for three years shall be covered. Besides this category, the farmers who obtain sanctions/disbursements afresh prior to the stipulated date can also be covered. The premium shall be debited to the account of the eligible farmers. The Banks can sanction premium as additionality to crop loan as per the scheme provisions. Since these loanee farmers cannot be covered under NAIS invariably the coverage under WBCIS shall be provided.
  - b) The criteria for covering Loanee Farmers is based on the predefined sum insured i.e., Rs.7,500/- per acre (Rs.18,750 per hect.) **in case of Groundnut crop in Anantapur district** and Rs.9000/- per acre (Rs.22500 per hect.) **in case of Groundnut crop in Kurnool, Chittoor and Y.S.R Kadapa districts.** 'Area under cultivation' for the notified crop as already declared by Loanee Farmer in the loan application form for the purpose of fixing his/her 'Maximum Borrowing Limit' (MBL) by the Lending Financial Institution, multiplied by the stipulated sum insured per acre will be the **actual sum insured** to be treated for payment of premium.

Annexure XIII contd....

### Illustration

For ready reference, an illustration is given hereunder to workout the Sum insured and Calculate the Premium since the procedure of coverage in respect of Loanee farmers is different from that of NAIS

#### Example: 1

If a farmer owns and cultivates 1hec (2.5acres) Groundnut Crop at Anantapur Mandal in Anantapur District, the coverage shall be based on the sanction of Crop production loan.

1hec\* Rs.18750 (predefined sum insured)= Rs.18,750

Premium rate =3.5%

So Premium to be remitted=18,750\*3.5%= Rs.656/- (Rounded off)

Premium to remitted per acre= Rs.262/- (Rounded off)

### Example: 2

If a farmer owns and cultivates 1hec(2.5acres) Groundnut Crop at Rudravaram, Chandragiri or Kondapuram Mandals in Kurnool, Chittoor and Y.S.R Kadapa Districts respectively, the coverage shall be based on the sanction of Crop production loan.

1hec\* Rs.22500 (predefined sum insured) = Rs.22500.00

Premium rate =3.5%

So Premium to be remitted=22500 \*3.5%= Rs.787/- (Rounded off)

Premium to remitted per acre= Rs.315

❖ Same procedure can be followed in case of both S/m and other farmers as the subsidy for which they are entitled is uniform under WBCIS.

- c) Declarations has to be submitted Mandal wise (Reference unit area wise) for Groundnut crop under WBCIS and for remaining crops, coverage is available under NAIS and declarations has to be submitted by the banks as in previous seasons.
6. In case of Non-loanee farmers, the farmers shall declare the '**area under cultivation**' for each Notified Crop in the Insurance Proposal Form. Sum Insured will be equal to the declared area multiplied by sum insured per acre or hectare as the case may be.
7. Copies of the '**Proposal Form**', '**Loanee Declaration Format**', '**Non-loanee Declaration Format**' and '**Non-loanee Declaration Format for Insurance Intermediary**' are appended in the notification being issued. The list of Cultivators with coverage details also need to be sent along with the declaration. Banks are paid **5% of net premium as Service Charges** for Loanee/Non-loanee coverage. Bankers are advised to contact AIC, RO, Hyderabad in case any clarification is required.
8. Branches have to report to Nodal point and Nodal banks have to submit the consolidated Mandal wise declarations along with the premium DD to AIC by **31<sup>st</sup> July, 2011** or within stipulated timeframe as notified in G.O. DD has to be drawn in favor of "**AIC of India**" payable at Hyderabad vide A/c no **008010200023922**
